Fee	MEFMI member countries Free. Non members US\$400
Website	www.mefmi.org
Focal point e-mail	michelle.mutinda@mefmi.org

Background

This course serves as an introduction to the financial system. It distils and describes the financial system into the financial institutions, financial markets, financial instruments and financial services.

Course Content

1. Financial system	2. Financial markets
Institutions	Financial market players
Instruments	Financial markets
Services	Financial market instruments
Infrastructures	

Targeted Participants

New officials responsible for domestic financial markets in Central Banks, Ministries of Finance/Economic Planning and or Development, Capital Market regulators, Securities Exchange, Insurance regulators and Pension regulators.

Officials from other stakeholder departments like Legal, Financial Sector Supervision, Financial Stability, research, and payment systems departments are encouraged to enrol.

Learning Objectives:

- *Provide participants with the relevant knowledge on the financial system;*
- *Identify different financial markets and their components;*
- *Equip participants on fundamental quantitative skills on pricing of different instruments in the different financial markets.*
